## 2017 Rosé

Estate Grown and Bottled; Finger Lakes AVA

Fulkerson Winery's Rosé program started in 2014 with our 25<sup>th</sup> anniversary vintage. Making between 90 and 120 cases per year, our style best represents the soil and climate of our east facing farm. The

rich sand soils that our Pinot Noir grow, offer a light fruit-forward wine with good weight and color.

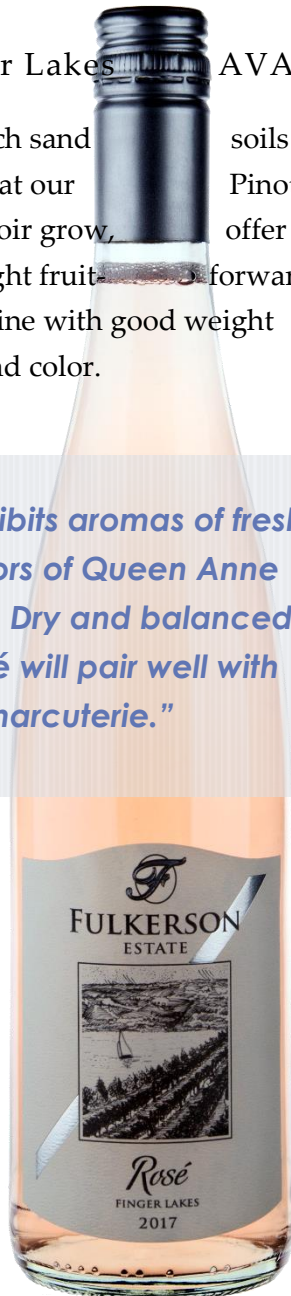

*"This bright and crisp rosé exhibits aromas of fresh raspberries followed by flavors of Queen Anne cherries with hints of rhubarb. Dry and balanced with a bright acidity, our rosé will pair well with aged cheeses and charcuterie."*

## Viticultural Notes

Grape: 100% Pinot Noir  
Harvest Date: October 7, 2017

Grown on one of the best sites on our farm, our Pinot Noir planting is situated on Howard Gravel and Odessa Clay soils. The vineyard is split just about in half by the two soil series giving this field a complexity not found in other sites around the Finger Lakes. The light sandy Howard series gives a light

fruity nose, while the heavy and relatively shallow clay of the Odessa series impart a steely, and mineral finish.

## Winemaking Notes

...
